Advisors

Public database of advisors working in the SFSC sector who decided to join the European SFSC Advisory Network. The network aims to gather experts and advisors addressing food supply chain and short food supply chain issues, ultimately creating a strong ecosystem for the effective transfer of knowledge among stakeholders in Europe.

SFSC Examples

Best practices, organisation, stories, and projects from the SFSC ecosystem with an added value that might be useful for advisors and actors working in the field. These include "Golden Cases", examples of how advisory practices translates into improved SFSC performances, and "Lighthouse Projects", which demonstrate how improved SFSC advisory practices and services can translate to improved SFSC performance and impact.

i2connect Database

The i2connect Advisory Service database is an EU-wide directory of professional organisations and individual actors that provide knowledge services to actors in agriculture, forestry, horticulture and related fields along the agro-food value chain, as well as to other related actors in rural areas. Through the database, you can either search for an advisor or advisory organization in the EU or register yourself or your organization.

CALL FOR PROPOSALS: CORENET LIGHTHOUSE PROJECTS FOR SFSC ADVISORS ACROSS THE EU

Starting in April 2025, the COREnet project invites SFSC advisors to submit proposals for Lighthouse Projects that highlight and share innovative SFSC advising practices.

The call seeks to **identify and support 27 innovative projects from across Europe** (one per member state) that aim to highlight and share successful Short Food Supply Chain (SFSC), also inspired by the **COREnet Golden Cases**, advising innovations or adapting existing innovations within their respective countries.

How to apply

The **Lighthouse Projects** will showcase **the relationship between SFSC advising and marketplace performance** while promoting the wider adoption of SFSC advising innovations.

Objectives of the call include:

- Improve SFSC advisory services at the **national level**.
- Strengthen **peer learning and networking** among SFSC advisors.
- **Share knowledge and best practices** across Europe.

Projects can apply to the initiative by filling out this online form:

https://ec.europa.eu/eusurvey/runner/COREnet_LighthouseProjects2025

For more information, you can [download the open call](#) or send an email to COREnet at info@shortfoodshain.eu.
